

It's Time To Heal

**So many years since it was new
The sun still sets and rises on a world of green and blue
Woods and oceans, plants and streams
A beauty that is stunning in its wild variety**

**Open your eyes, open your heart
The natural world is a work of art
A miracle, so finely tuned
Something to love, not to consume**

**Humankind have lost their way
We're tearing up our earthly home
and laying it to waste
It's time to heal, it's time to give
It's time to find another path
a better way to live**

**Open your eyes, open your heart
The natural world is a work of art
A miracle, so finely tuned
Something to love, not to consume**

It's time to heal, it's time to give...

**Open your eyes, open your heart
The natural world is a work of art
A miracle, so finely tuned
Something to love, not to consume
not to consume**

**Billions of years since it was new
The sun still sets and rises on a future we can choose**
