

Can you imagine? By SOS from the Kids

Verse 1

Can you imagine how wonderful the world could be?
If we decided to live with nature in harmony
Clean air and oceans, no toxic poison chemicals
The forests teeming with animals, there's room for all

Pre-chorus

Can you imagine how it could be?
Please can we make this reality?

Chorus 1

No one's too small to make a difference
There's room for you here by our side
We'll love and conserve the natural world
and work for this future together

Verse 2

Can you imagine, in your minds eye what's possible?
The world all powered by energy that's renewable
We'll learn not to waste and move away from plastic wrap
No longer sitting for a thousand years as scrap!

Pre-chorus

Can you imagine how it could be?
Please can we make this reality?

Chorus 2

No one's too small to make a difference
There's room for you here by our side
We'll call for a change, for rules re-arranged
and work for this future together

Chorus 3

No one's too small to make a difference
There's room for you here by our side.
We'll love and conserve the natural world
and work for this future together

Oooh ...

One step at a time, with your help and mine.
We'll work for this future together.
